

Never Bee Lost

This fantastic one hour child safety program is designed to teach children what to do if they become lost or separated from their parents in a public place. The focus is on prevention and safe responses to this often common and frightening event.

It is important that children understand what to do if they become lost or

separated from their parent or caregiver. Often children are reunited within minutes, but in some cases it may take hours. What a child does, and most importantly how prepared they are for the situation, can make the difference in their overall safety.

Never Bee Lost will give young children their first lessons on personal safety and provide a basis that they can build on as they grow older and take on more responsibility.

1 hour
Recommended for
kids ages 5-7

Through story and activity, students learn:

- Steps to staying safe
- They will not be lost forever
- How to stay calm
- Who to choose to ask for help
- Plus more...

Host Kidproof's Never Bee Lost workshop for your group today!

Ask about adding the bedtime story ebook Bob-bee and the Amazing Flea Market to help reinforce the steps to staying safe!

Why Kidproof

For a decade, Kidproof has earned the trust of parents and educators to deliver the most current, relevant, affordable and valuable safety education on the planet!

Join hundreds of thousands of children and register for a Kidproof program today!

We make safety fun!

Our safety programs are fun, entertaining, exciting, and developed by leading experts in child and family safety. Make no mistake, we take protecting kids very seriously and our diligence in providing the most accurate information shows through in every course we deliver.

More than just safety lessons

We believe that kids learn by "doing" and our programs are action packed! Through role play and group activities, Kidproof students learn to develop their critical thinking skills by working through possible scenarios and outcomes.

Every Kidproof program comes with standard student workbooks and materials that support the lessons and provide essential "take-aways" that become a great resource for the whole family! In addition, we have developed corresponding "optional materials" like parent guide books, craft kits, first aid kits, and other goodies that can be added to any class for extra value!

1. Select course(s)

2. Confirm dates with your local Kidproof Safety Team

3. Enjoy the class!

The only thing we ask is that you provide a safe public facility (no private homes) to host the program and organize your group of 10 or more kids. A certified and screened Kidproof instructor will attend your facility on the day of the class with all student materials and ready to teach.

And you only have to pay for students that attend.

If you have to cancel - no problem! With no deposit or cancellation penalties you can be free to cancel a class anytime.
