

# Safe Kids

This active one hour Kidproof Safe Kids course is a fun and entertaining way for kids ages 5 – 7 to learn about injury prevention and how to safely respond to an emergency.

Like all Kidproof programs, the Safe Kids child safety course delivers valuable skills to kids in an entertaining and memorable way. Safe Kids is

non-threatening and the focus is on preventing common household, playground and traffic injuries, as well as teaching kids about E.M.S. and calling for help.

## Safe Kids learn:

- What an emergency is
- How and when to call 911

## To be safe:

- At home (in the kitchen, bathroom and around poisons)
- On the playground (safe play, equipment, and sharing)
- While traveling (in cars, walking, biking, and on the school bus)

Host Kidproof's Safe Kids workshop for your group and give kids their first lessons in safety.

Ask about adding our Parent e-Guide books with tips on how to keep your family safe.

# Why Kidproof

For a decade, Kidproof has earned the trust of parents and educators to deliver the most current, relevant, affordable and valuable safety education on the planet!

**Join hundreds of thousands of children and register for a Kidproof program today!**

## We make safety fun!

Our safety programs are fun, entertaining, exciting, and developed by leading experts in child and family safety. Make no mistake, we take protecting kids very seriously and our diligence in providing the most accurate information shows through in every course we deliver.

## More than just safety lessons

We believe that kids learn by "doing" and our programs are action packed! Through role play and group activities, Kidproof students learn to develop their critical thinking skills by working through possible scenarios and outcomes.

Every Kidproof program comes with standard student workbooks and materials that support the lessons and provide essential "take-aways" that become a great resource for the whole family! In addition, we have developed corresponding "optional materials" like parent guide books, craft kits, first aid kits, and other goodies that can be added to any class for extra value!

### 1. Select course(s)

### 2. Confirm dates with your local Kidproof Safety Team

### 3. Enjoy the class!

The only thing we ask is that you provide a safe public facility (no private homes) to host the program and organize your group of 10 or more kids. A certified and screened Kidproof instructor will attend your facility on the day of the class with all student materials and ready to teach.

And you only have to pay for students that attend.

If you have to cancel - no problem! With no deposit or cancellation penalties you can be free to cancel a class anytime.

**BECOME  
A CERTIFIED  
TEACHER!**

## Testimonials

**Sharon** "I wanted to thank you people for everything that you do to help keep kids safe. It is about time that there was a service like yours! Keep up the great work!"

**St. Augustine After School Program** "The kids enjoyed the instructor. She was very friendly. The entire booking process went very smoothly. Donna was very prompt in returning my calls."

**Michelle** "Yes I would recommend these classes to my friends because I want them to be safe. Thank you for teaching me to keep safe."

**YMCA** "The content was perfect for the age group! What a great program!"
