

AT HOME ALONE PLUS FIRST AID

Kidproof's famous At Home Alone with First Aid workshop helps your child become ready to be at home alone and prepared for any emergency with a bonus emergency First Aid section!

Does your child spend a few hours home alone before or after school due to your work schedule or other commitments? This popular entertaining workshop is designed to prepare children to look after themselves during these times.

Students learn how to stay safe through interactive lessons, role play and hands-on

training. Every Kidproof course is non-threatening and empowering. This famous program has helped thousands of children become more confident and to make safe choices while at home alone.

We have combined our exclusive At Home Alone workshop with the Kidproof First Aid for Kids course to help prepare your child for any emergency!

Students learn:

- Their rights and responsibilities when at home alone
- How to respond safely to phone calls and unexpected visitors
- How to keep constructively occupied
- When to know they are ready to be left alone
- How to respond to an emergency

PLUS how to safely respond to medical emergencies like:

- cuts, scrapes, and bleeding
- burns
- choking
- broken bones

Host Kidproof's At Home Alone with First Aid for your group and help them to be safe, confident and prepared to be at home alone.

Ask about including our free Parent Guide books with checklists and tips on how to prepare your home and family for this transition from being baby-sat to being at home alone.

Why Kidproof

For a decade, Kidproof has earned the trust of parents and educators to deliver the most current, relevant, affordable and valuable safety education on the planet!

Join hundreds of thousands of children and register for a Kidproof program today!

We make safety fun!

Our safety programs are fun, entertaining, exciting, and developed by leading experts in child and family safety. Make no mistake, we take protecting kids very seriously and our diligence in providing the most accurate information shows through in every course we deliver.

More than just safety lessons

We believe that kids learn by "doing" and our programs are action packed! Through role play and group activities, Kidproof students learn to develop their critical thinking skills by working through possible scenarios and outcomes.

Every Kidproof program comes with standard student workbooks and materials that support the lessons and provide essential "take-aways" that become a great resource for the whole family! In addition, we have developed corresponding "optional materials" like parent guide books, craft kits, first aid kits, and other goodies that can be added to any class for extra value!

Testimonials

David "Your instructor was exceptional with our son. He has a slight learning disability but she made him feel comfortable and knew exactly what to do. She even read the test to him!"

Bianca "I would recommend this course because all people should know what to do if they come across any of the scenarios that we practiced."

1. Select course(s)
2. Confirm dates with your local Kidproof Safety Team
3. Enjoy the class!

The only thing we ask is that you provide a safe public facility (no private homes) to host the program and organize your group of 10 or more kids. A certified and screened Kidproof instructor will attend your facility on the day of the class with all student materials and ready to teach.

And you only have to pay for students that attend.

If you have to cancel - no problem! With no deposit or cancellation penalties you can be free to cancel a class anytime.
