

First Aid for Kids

We all hope that our kids will never have to face a medical emergency situation, but we know that sometimes things can happen that are out of our control. In order to help them stay calm and respond safely, we need to be sure that kids understand the fundamentals of Emergency First Aid.

The Kidproof First Aid for Kids class is an active and informative 2 hour program that teaches students how to safely respond to medical emergencies such

as cuts, burns, choking, broken bones, allergies and accidents.

Safety skills are learned through interactive lessons, role-play and hands-on training.

This course teaches everyday First Aid skills, such as how to respond to:

- Cuts
- Scrapes
- Bleeding
- Burns
- Choking
- Broken bones
- Plus much more

2 hours
Recommended for
kids ages 11-14

Our focus is also on prevention and awareness, so special attention is given to assessing the situation first and looking after themselves when acting as an emergency responder.

First aid training at a young age helps to build confidence and self esteem, as well as teamwork and communication skills. This program is a valuable addition to your child's safety education plan.

Why Kidproof

For a decade, Kidproof has earned the trust of parents and educators to deliver the most current, relevant, affordable and valuable safety education on the planet!

Join hundreds of thousands of children and register for a Kidproof program today!

We make safety fun!

Our safety programs are fun, entertaining, exciting, and developed by leading experts in child and family safety. Make no mistake, we take protecting kids very seriously and our diligence in providing the most accurate information shows through in every course we deliver.

More than just safety lessons

We believe that kids learn by "doing" and our programs are action packed! Through role play and group activities, Kidproof students learn to develop their critical thinking skills by working through possible scenarios and outcomes.

Every Kidproof program comes with standard student workbooks and materials that support the lessons and provide essential "take-aways" that become a great resource for the whole family! In addition, we have developed corresponding parent guide books, craft kits, first aid kits, and other goodies!

1. Select course(s)

2. Confirm dates with your local Kidproof Safety Team

3. Enjoy the class!

The only thing we ask is that you provide a safe public facility (no private homes) to host the program and organize your group of 15 or more kids. A certified and screened Kidproof instructor will attend your facility on the day of the class with all student materials and ready to teach.

And you only have to pay for students that attend.

Testimonials

Juliana "I would recommend this course to my friends because you learn a lot on how to help people."

Mo "My son was nervous to go to the class today because he did not know anyone. Your instructor was very kind and welcoming. He fit right in and can't stop talking about how great his day was."

Youmna "I wanted to thank you people for everything that you do to help keep kids safe. It is about time that there was a service like yours! Keep up the great work!"

Clara Tyner Public School "The feedback from the children was positive and they learned quite a bit."
