

# Parent Ed

By using parent-friendly materials and lessons, adults learn how to recognize their own parenting style and how it affects their child's development. Parents will discover what positive parenting means and learn strategies for treating their children with respect, kindness, and compassion through setting limits, reinforcing positive behavior, and

building children's self-esteem. They will learn that positive parenting prepares their child to make good decisions as he or she grows. Parents will also be able to identify possible sources of danger in their child's relationships and activities, and understand how monitoring their child's activities can keep him or her safe.

# Why Kidproof

For a decade, Kidproof has earned the trust of parents and educators to deliver the most current, relevant, affordable and valuable safety education on the planet!

**Join hundreds of thousands of children and register for a Kidproof program today!**

## We make safety fun!

Our safety programs are fun, entertaining, exciting, and developed by leading experts in child and family safety. Make no mistake, we take protecting kids very seriously and our diligence in providing the most accurate information shows through in every course we deliver.

## More than just safety lessons

We believe that kids learn by "doing" and our programs are action packed! Through role play and group activities, Kidproof students learn to develop their critical thinking skills by working through possible scenarios and outcomes.

Every Kidproof program comes with standard student workbooks and materials that support the lessons and provide essential "take-aways" that become a great resource for the whole family! In addition, we have developed corresponding "optional materials" like parent guide books, craft kits, first aid kits, and other goodies that can be added to any class for extra value!

## 1. Select course(s)

## 2. Confirm dates with your local Kidproof Safety Team

## 3. Enjoy the class!

The only thing we ask is that you provide a safe public facility (no private homes) to host the program and organize your group of 10 or more kids. A certified and screened Kidproof instructor will attend your facility on the day of the class with all student materials and ready to teach.

And you only have to pay for students that attend.

If you have to cancel - no problem! With no deposit or cancellation penalties you can be free to cancel a class anytime.

**BECOME  
A CERTIFIED  
TEACHER!**

## Testimonials

**Bianca** "I would recommend this course because all people should know what to do if they come across any of the scenarios that we practiced."

**Ridhima** "The instructors are awesome and great teachers! It was great!"

**Montessori North** "The presentation went very well. The instructor was fabulous!"

**Michelle** "Yes I would recommend these classes to my friends because I want them to be safe. Thank you for teaching me to keep safe."
